What we do

We look forward to customising a system to meet your needs.

We don't favour one manufacturer over another – the only thing we do favour is making sure our customers get the right product that suits their needs and listening preferences. We will ask many questions in order to ensure that what you buy from us is tailored to you and you alone.

If you are looking for a product not found in our demonstration showrooms or our online site, don't fret as we have access to hundreds of brands.

One of our biggest pleasures of working in this industry is to see the smile on our customers' faces when they finally hear and see the system of their dreams.

Opening hours

Edinburgh

2 Joppa Rd, Edinburgh, EH15 2EU
Monday to Friday: 10:00am - 5:30pm
Saturday: 10:00am - 5:30pm
Sunday: Closed

Falkirk

44 Cow Wynd, Falkirk, Central Region, FK1 1PU
Monday to Friday: 10:00am - 5:30pm
Saturday - By appointment only
Sunday: Closed

Auralic Aries G2.1 Streamer (Digital Output)

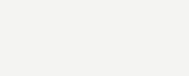

G2.1 is the next logical evolutionary step, resulting from a desire to improve upon the original G2 series. At AURALiC, we always work to create a new approach to digital music that pushes the boundaries of sonic quality. Incorporating state-of-the-art technologies and delivered with innovative features, G2.1 is built for ultimate levels of sonic performance.

Every G2.1 series component, including the ARIES G2.1, sports an all-new industrial design that's engineered to set a new standard for sound quality, enhance the user experience, and look every bit as good as it sounds with its contemporary aesthetic. Offering features like a copper enclosure, a high-mass base, and an enhanced suspension system optimizes the sound of the ARIES G2.1 and ensures it is the most capable and feature-rich way to introduce streaming to your audio system that we've ever created.

OUR HISTORY

Hear The Difference

Book a demonstration at our Edinburgh or Falkirk showrooms.

Would you choose a quality car without a test drive? If you are familiar with the brand and have great trust in it, you might. However, our listening preferences are unique to the individual and with many of our customers new to the world of high quality sound and vision, we encourage everyone to come in to demonstrate the products they are interested in. You'll find a relaxing and comfortable environment in both our Edinburgh and Falkirk premises where you can decide for yourself if the kit is right for you. We also offer home demonstrations on selected products.

It's our aim to get the right product for you.

Our experts are on hand to guide you through the differences between speakers, amplifiers and sources and provide simple solutions that suit your needs.

History

Established in the late 1960s, our family owned business is based in Edinburgh and Falkirk, but services customers across the UK.

Our Edinburgh branch has the longest history as an audio retailer in the UK. During recent renovations, receipts were found from Nicolson's Gramophone Saloon dating back to 1926. In the 1950s WG Graham took over the shop and renamed it WG Graham's HiFi Corner. Upon his retirement, Graham Tiso bought the business and modernized the name to HiFi Horizon.

Soon thereafter a young enthusiastic Colin MacKenzie (left), who was recommended by Linn's own Ivor Tiefenbrun, was employed to manage the shop; with a knack for business and years of experience in the hi-fi industry, Colin would later become the owner of HiFi Horizon. Today, Struan MacKenzie carries on the legacy as the company's Managing Director.

Tailored For You

We look forward to customising a system to meet your needs.

We don't favour one manufacturer over another – the only thing we do favour is making sure our customers get the right product that suits their needs and listening preferences. We will ask many questions in order to ensure that what you buy from us is tailored to you and you alone.

If you are looking for a product not found in our demonstration showrooms or our online site, don't fret as we have access to hundreds of brands.

One of our biggest pleasures of working in this industry is to see the smile on our customers' faces when they finally hear and see the system of their dreams.

Services

Our passion for the products we sell and, for our customers' satisfaction simply means that we happily offer additional services not found on the high-street.

Home Setup - We want to ensure that the equipment you've purchased from us is installed correctly and sounds perfect; and we happily provide this service throughout the UK.

Part Exchange - To help you upgrade your system, we offer our part-exchange program. We can offer a set price, or sell your old kit on your behalf.

Turntable Doctor - Our turntable experts have been trained by the manufacturers for initial setup, long-term maintenance, and upgrading your high quality turntables.

Record Cleaning Service - Have some old records that need a bit of love? We offer Scotland's very own professional record cleaning service with our bespoke Pro-Ject record cleaner.

FAQ

Here at HiFi Horizon, our trained product specialists aim to provide the right product for you. We take great care with all of our orders to ensure you are fully happy with the product.

We aim to resolve any problems to your satisfaction.

Please contact us directly, if, for any reason, you have an issue with your order, your product or any other service provided. OUR GUARANTEE

All items excluding ex-display and secondhand goods are covered by at least 12 months warranty; this is detailed on your receipt. Any secondhand or ex-display product is covered by at least 3 months warranty as noted in the original listing.

HiFi Horizon cannot guarantee against any misuse (i.e. blown speakers etc.), commercial use, wear and tear, erosion of parts, loss of data stored on any form of writeable/hard drive devices, dead pixels of an amount not covered by the manufacturer's specifications or where you have not allowed repairs of goods to be carried out by authorised agents. If it has been more than 30 days since you have received a product and discovered a fault, we will still repair the goods free of charge or, if you prefer, replace them provided that you report the fault within 12 months of purchase. If we are unable to repair or replace the item(s) we will provide you with a full refund instead.

Please note that if it is after the initial 30 days of purchase you must be able to certify the fault was present upon delivery and not by misuse.

REFUNDS

Once your returned item is received and inspected, we will send you an email or phone call to notify you that we have received your returned item. We will also notify you of the approval or rejection of your refund.

If you are approved, then your refund will be processed, and a credit will automatically be applied to your original method of payment, within 3 working days. Please note we require an email address or contact number to arrange a refund that was purchased over the phone. There are certain situations where only partial refunds are granted or we cannot refund you; Any item not in its original condition, is damaged or missing parts for reasons not due to our error. Any damage that has been caused by misuse, such as a speaker drive unit being blown or water being introduced to the unit, or that has been damaged due to poor packing. Any item that is returned more than 30 days after delivery. In any instance, we will notify you as soon as possible to resolve this matter.

If you haven't received a refund after confirmation, first check your bank account again. Then contact your credit card company, it may take some time before your refund is officially posted. Next contact your bank. There is often some processing time of a couple of days before a refund is posted. If you have done all of this and you still have not received your refund after 7 days, please contact us at sales@hifi-horizon.com.

SHIPPING

To return your product, you should mail your product to:

2 Joppa Road, Mackenzie House, Edinburgh, EH15 2EU.

If you would like to return an item, please note that we cannot arrange a collection of the item without additional cost; you will be responsible for ensuring the product reaches us. Shipping costs are non-refundable. If you receive a refund, the cost of return shipping will be deducted from your refund. Depending on where you live, the time it may take for your exchanged product to reach you may vary. We will process the refund when the item arrives with us.

If you are shipping an item over £100, we would advise using a trackable shipping service or purchasing shipping insurance. We cannot guarantee that we will receive your returned item.

DELIVERY

Please check the condition of all products delivered as soon as they are received. This does not affect your statutory rights. If there is a problem we would like to deal with this as soon as possible to alleviate any inconvenience to yourself.

As soon as we have delivered the goods to you, you will be responsible for them and any damage occasioned whilst in your possession. The majority of goods we send will require you to sign for them upon delivery. If you are not able to sign for a delivery, we will do our utmost to contact you to arrange when it is convenient to redeliver. Our responsibility for everything other than damage due to our negligence will end at the time the carrier tried to deliver the goods to you. If your product is visibly damaged in transit, please sign for the delivery as 'damaged' and let us know as soon as possible.

RETURNS PROCESS/YOUR STATUTORY RIGHTS

If you wish to return goods purchased online or over the phone, you should notify HiFi Horizon of your intention to do so within 14 days of the date of receipt.

You then have an additional 14 days to return the goods from this notification date (goods must be returned within 28 days). We will in such circumstances refund you the cost of your order, excluding postage or delivery cost. However, if goods are not returned "as new" due to excessive handling on your part, or with components missing (including packing materials and manuals) we may make a reasonable deduction for this. Please do not send your product back to the manufacturer. We kindly ask that to make the refund process easier, that you include your receipt or proof of purchase and a cover letter detailing briefly why the item is being returned. We cannot refund the cost of delivery fees if there was an additional charge, only the cost of the goods themselves. We will process the refund when the item arrives with us. If you are shipping an item over £100, we would advise using a trackable shipping service or purchasing shipping insurance. We cannot guarantee that we will receive your returned item.

Please contact us before attempting to return your goods. For purchases bought in-store, you can also drop in and be refunded instantly.

SALE ITEMS

Only regularly priced items may be refunded, unfortunately clearance, special order and outlet items cannot be refunded unless they are found to be faulty on arrival. For more details about returning secondhand or sale items, please contact sales@hifi-horizon.com.

EXCHANGES

We can only replace items if they are defective or damaged. If you need to exchange the product for the same item due to a fault, please first send us an email at sales@hifi-horizon.com and once approved, send your item to:

HiFi Horizon, 2 Joppa Road, Mackenzie House, Portobello, Edinburgh, EH15 2EU.

Please also include the proof of purchase and a cover letter detailing the reason for exchange.
